

ROAD & TRACK FGRT200 FRONT FORK

For 2012 Öhlins took the classic and popular Road & Track front fork and set out an ambitious target. The result is the all new FGRT200 front fork. It doesn't matter if you are heading for a National Roadracing title or if you are taking your bike on a run on your favourite road.

The new front fork will give you loads of performance, stable damping and fantastic comfort.

The new front fork features the Öhlins 30 mm Cartridge Kit inside, a winning kit in several national superbike championships. Compression and rebound adjustments are easily done with compression adjustment in one leg and rebound adjustment in the other leg. The new front fork gives a big improvement in tire feel, brake support and the general handling of the bike. The outer design has been redesigned to make this front fork even more attractive.

FEATURES
